**RE: Information D132 RRAMS**

I write to you in your capacity as Acting Municipal Manager of NMMDM to request clarity and disclosure regarding the custodianship and responsibility for the **D132 Enselsberg route**.

It is my understanding that NMMDM is the custodian of this road, and therefore bears responsibility for its maintenance, rehabilitation, and inclusion within the Rural Roads Asset Management System (RRAMS) framework.

Given the strategic importance of D132 to local communities and the broader district economy, it is imperative that accountability and oversight be clearly established.

Information with regards to RRAMS has historically been requested but not honoured.

I request the following information,

- Confirmation of whether NMMDM is the designated custodian of the D132 Enselsberg route.
- Disclosure of the current condition assessment of D132 as recorded in the RRAMS database.
- Details of any planned or budgeted interventions (maintenance, rehabilitation, upgrades) for D132 in the current and forthcoming financial years.
- Clarification of the responsible officials or directorates within NMMDM tasked with oversight of D132.
- Any reports or correspondence submitted to the North West Department of Public Works and Roads regarding D132.

This request is made in the interest of transparency, accountability, and compliance with both the Municipal Finance Management Act (MFMA) and the obligations attached to the RRAMS Grant.

Communities relying on D132 for access, economic activity, and service delivery deserve clarity on the municipality's role and responsibilities.

I respectfully request that your office provide a **written response within 21 days** of receipt of this letter, together with any supporting documentation available.

Your ally in service delivery.
